Reports:

Clerk-Treasurer Jordan informed the Council she will be out of the office January fourteenth through January twenty-fifth. Today the Town was notified that the Town's 2016 budget was approved by the State's Department of Local Government Finance.

Building Commissioner Arney went over the monthly report and stated that the report is in the Council members' boxes. Councilman Rogala requested that a date be placed on the violation letters for tracking purposes.

Street Superintendent Pat Melton went over the monthly report and stated that the report is in the Council members' boxes. Councilman Poparad informed the Council that the 2009 Ford truck had brake problems that exceeded the initial estimate of below five hundred dollars once the vehicle was apart. The final cost was over nine hundred dollars. Councilman Poparad requested that each department over the next few months put together list of equipment that is not being used and the Town have an auction.

In absents of Town Marshal Heckman, Councilman Bozak stated that the report is in the Council members' boxes. Councilman Bozak informed the Council that a Facebook page is being created for the department. Town Marshal Heckman would like to increase to part time deputy marshal's salary to maximum twenty dollars per hour and police clerk part time salary be increased to a maximum of eighteen dollars an hour. Councilman Poparad asked that it be placed on the agenda for next month.

Fire Chief Arney went over the monthly report and stated that the report is in the Council members' boxes. Fire Chief Arney indicated the Department is still in the running for two FEMA grants. The multi-agency grant we were awarded just received bids for twenty-six new air packs. The Town's matching share of the grant is just under ten thousand dollars. The Department is still waiting to hear if they will be awarded a grant to replace the water tanker.

Sanitation Superintendent Arney indicated we did some maintenance before winter. We will have Eagle out to jet the line to help with the order issues. The spare pumps have arrived. Councilwoman Biancardi stated I believe there may be a need for a part time sanitary secretary or clerk. Lori (McCormick) is tracking the duties as the sanitary clerk so we can put together a list of job duties and time that might be needed so we can hopefully make a proposal to the Board in February to consider that position. Councilman Bozak stated Chief Heckman hired a part time person. This person might be working part time to cover Lori (McCormick) and also maybe helping out with Jane (Jordan). Is this person going to be in addition to that person? Building Commission Arney stated the problem I find with that is Lori's (McCormick) time off is sporadic if she is sick or on vacation, if they are working for Police Department and its Lori's day off it doesn't work well. Councilman Poparad stated if we decide to remove that reasonability from her at Sanitation would that take care of building and street no problem. Building Commissioner Arney stated it would definitely give her more time.

Park Board Liaison Marcus Rogala informed the Council Cupcakes and Canvas is January 16th, Lego Club is February 6th and we are continuing our rentals. We met last week to begin our planning for this year's Footloose. Councilman Poparad asked for a status update on the YMCA run. Park Board Liaison Rogala said we have met with the department chiefs and everything is squared away for the event.

Redevelopment Commission President Rogala informed those present that the Board renewed the contract for Tina (Karnerblue) and Joe (Rurode of Continuity, LLC) to continue their work with the Town. We received the Implementation Roadmap form Live Work Learn Play. We tabled the contract with Live Work Learn Play until we can look into it further. We purposed a Business Meet and Greet open to the public. We began working on looking at fiber optic network in town.

The following purchase orders were presented for discussion: purchase order #2346, 2349, 2358, 2363, 2367, 2368, 2369, and 2370.

Presentations, Resolutions, Ordinances and Remonstrance:

Ordinance 263-2015 Adopting primary elections to nominate candidates for town office – second reading:

Councilman Hull made a motion that the Town adopts **Ordinance 263-2015 AN ORDINANCE OF THE TOWN OF BURNS HARBOR ADOPTING PRIMARY ELECTIONS AS THE METHOD TO NOMINATE CANDIDATES FOR TOWN OFFICE**. Councilman Rogala seconded the motion. Councilman Poparad stated I have had residents tell me they still want the caucus because they get to hear the candidates before they vote. There will be a cost to the town to pay for the primary election. Burns Harbor resident Phyllis Constantine of Haglund Road stated I would like to see it kept the way it is. It is something that doesn't need to be changed. Councilman Hull stated the first reading was a unanimous vote to move forward to allow this Council to have some say in it. The younger generation didn't understand the process where they understand the primary process. Moving forward I think it is a good thing for the Town. Councilman Bozak stated I have heard people who are for and against primaries, one of the things that is important that I have heard from town residents is that is the only time we have to present our case to the town and meet the people. Is there something else we can do in the town to allow that? Councilman Poparad stated that would be up to the candidates that would run for future office to set up a forum or debate. Councilman Rogala stated with a caucus you are not always guaranteed an opportunity to speak if the race is not contested. The Democratic caucus was packed, there were a lot of younger people in the crowd, I believe it is going to deter people in the future from going because they do not like the fact that they are locked in. We do not have a spot to have one that size and make it comfortable for everyone. The primary will allow for more people to vote all throughout the day. Burns Harbor resident Sarah Oudman of Clifford Way stated I would be in favor of going to the primary. I was confused about the caucus. I would be concerned about people being excluded from the right to vote because they could not

be here due to work. Councilwoman Biancardi – Aye, Councilman Bozak – Aye, Councilman Hull – Aye, Councilman Poparad – Nay, Councilman Rogala – Aye. **Ordinance 263-2015 passed and was adopted.**

Ordinance 266-2015 Amending Public Gathering Ordinance 243-2011 – second reading: Councilman Hull made a motion that the Town adopts **Ordinance 266-2015 AN ORDINANCE OF THE BURNS HARBOR TOWN COUNCIL AMENDING THE TEXT OF THE ZONING ORDINANCE CONCERNING THE CONDUCT, OPERATION, PROMOTION, OR ORGANIZATION OF AN ASSEMBLY WITHIN THE TOWN OF BURNS HARBOR, INDIANA** on its seconded reading. Councilwoman Biancardi seconded the motion. Councilwoman Biancardi – Aye, Councilman Bozak – Aye, Councilman Hull – Aye, Councilman Poparad – Aye, Councilman Rogala – Aye. **Ordinance 266-2015 passed and was adopted.**

Ordinance 267-2016 Amending Text of the Sewer Rate Ordinance:

Councilwoman Biancardi stated there are several items in there that Jane (Clerk-Treasurer Jordan) and Lori (Sanitation Clerk McCormick) suggested changes to be made and then the Sanitation made an addition of a deposit that could be taken for new residents. The idea behind that was if someone was to move and we have that lag between changing in paying the bill that they could use the deposit to cover that.

Councilman Poparad stated this is directed at the property owners or just the renters or the property.

Councilwoman Biancardi stated the deposit address two things. One if you are a new resident, there is a hundred dollar deposit. If in twelve months you in good standing you can request that to be refunded. There is an issue with property owners who rent and wanting to put the bill in the renters name versus their own and that name changes often. The Sanitation Board felt that a deposit may be necessary so when things are changing hands we are not caught in between.

Clerk-Treasurer Jordan stated property owners even if they are renting their home out, they are responsible for any outstanding bills on the property. There is a state law that allows property owners to know when their renter is behind. If the property owner notifies the clerk, they can be notified when the renter is delinquent.

After further discussion it was the Council's consensus to send the ordinance back to the Sanitation Board for further discussion.

Resolution 2016-01 Proclamation of Indiana's Official Kickoff of the Bicentennial:

Councilman Bozak read **RESOLUTION 2016-01 To All To Whom These Presents May Come, Greetings:**
